

# PARTNERSHIP LEARNING TEACHING SCHOOL ALLIANCE

## The National Professional Qualification for Senior

### Leadership (NPQSL)

Partnership Learning Teaching School Alliance is offering an exciting qualification which provides national recognition of your professional development as a middle leader in both Primary and Secondary Schools

#### What is the NPQSL programme?

The NPQSL qualification provides national recognition of your leadership development and professional achievement as a senior leader.

You should be a senior leader in a school, or about to take on a substantive senior leader role. You should be in a leadership role with cross-school responsibilities, for example: an experienced senior leader, a deputy head, a special educational needs coordinator (SENCO), an advanced skills teacher (AST), or other senior staff

#### The Programme

NPQSL will help you develop the skills, knowledge and confidence you need to be a highly effective senior leader.

#### What's involved?

You'll need to complete 2 core (compulsory) modules, 2 further elective (optional) modules of your choice, an in-school project and a final assessment. Each module involves practical learning in your school, face-to-face peer and facilitated learning, plus reading, reflection and online learning.

#### Duration

Completion of NPQSL needs to be completed by September 2017. This is a self-managed programme and you decide how best to structure the elements to meet the deadline for assessment.

#### NPQSL Modules

- Closing the Gap (core module)
- Succeeding in Senior Leadership (core module)
- Effective Whole School Management (elective module)
- School Self-evaluation (elective module)
- Improving the Quality of Teaching (elective module)
- Leading Professional Development (elective module)
- Leading Change for Improvement (elective module)
- Research and Development in Teaching (elective module)
- Effective Partnership Working (elective module)

#### Assessment

There will be a final assessment at the end of the programme and currently this is an assessed strategic leadership task in your own school, linked to school improvement activities undertaken in the workplace and your learning from the modules.

Individual modules are not currently assessed. However, all participants are asked to reflect on their learning as they progress through the programme.

At assessment you'll need to show that you can:

- deliver successful and sustainable school improvement in your school setting
- use the experience to reflect upon and improve your own leadership skills

Please contact Parvis Rahman if you are interested in joining the cluster for NPQSL and we will work with you to ensure as far as possible that the application process and the running of the course are designed to best suit each cohort's needs and ambitions.

National College for  
Teaching & Leadership
